Results-driven **Frontend Developer** with **2+ years** of experience in **Angular, TypeScript,** and modern web technologies. Proven ability to improve application performance by **40%** through optimization and boost user engagement by **30%** with innovative UI solutions. Expert in **REST API integration, Material UI design,** and delivering enterprise-grade applications with cross-functional teams.

SKILLS

Languages: TypeScript, JavaScript, HTML, CSS

Frameworks & Libraries: Angular (10+), Bootstrap, RxJS, Angular Material, Reactive Forms

Tools & Technologies: Firebase, SQL

UI/UX & Styling: HTML5, CSS3, SCSS, Responsive Design

Frontend Concepts: Component Architecture, Lazy Loading, State Management, REST API Integration

Developer Tools: Git, GitHub, Postman, Chrome DevTools

PROFESSIONAL EXPERIENCE

Frontend Developer   **July 2025 – Present**
SANGLOB BUSINESS SERVICES PRIVATE LIMITED
- Designed **Material UI–based components** to improve workflow efficiency
- Worked with **cross-functional teams** to deliver scalable solutions

Frontend Developer   **Oct 2024 – April 2025**
CrocoCode Pvt Ltd
- Engineered **responsive Angular applications,** achieving **flawless cross-device performance**
- Designed **dynamic UI animations,** boosting user engagement by **30%**
- Improved application performance by **40%** using **lazy loading** and **code optimization** techniques
- Integrated **REST APIs** and collaborated with backend teams to ensure **seamless data flow**

PROJECTS

MACK (Managing Content & Knowledge) *Angular, TypeScript, Material UI, REST APIs*   **2025**
- **Enterprise platform** with **4 core modules** (Invoice, Quotation, Purchase Order, Requisition) streamlining procurement workflows
- Automated document generation with **150+ API integrations,** reducing manual processing by **40%**
- Built **responsive data tables** with advanced filtering, sorting, and pagination for managing large datasets
- Implemented **role-based access control (RBAC)** for secure multi-user workflows across departments

VIGORBOOKS *Angular, TypeScript, REST APIs, Bootstrap, Frontend Concepts*   **2025 View Project**
- **Comprehensive financial management system** for accounting, invoicing, and automated reporting
- Implemented **intelligent GST calculations** and **OCR-powered receipt scanning,** reducing manual accounting effort by **35%** and accelerating financial workflows
- Created **interactive dashboards** with data visualization charts for financial analytics and reporting
- Integrated **PDF generation** for invoices and receipts with customizable templates

LOTAPP *Angular, TypeScript, Angular Material*   **2024 View Project**
- **E-commerce product management platform** with **real-time data synchronization** across multiple channels
- Developed **inventory tracking system** with automated stock alerts and bulk product operations
- Built **Angular Material UI components** for product catalogs, order management, and customer dashboards

MPRASS *Angular, Responsive Design*   **2024 View Project**
- **Cloud-based inventory management system** with **real-time stock updates** and **intelligent tracking.**
- **Developed responsive, high-performance UI** improving **system usability** and delivering seamless user experience.

CodeSpeedo *Angular, TypeScript, JavaScript, CSS*   **2023 View Project**
- **No-code platform** for Ionic & Flutter apps with **drag-and-drop builder,** increasing developer productivity by **50%**
- Engineered **visual component library** with pre-built UI elements and customizable templates
- Implemented **real-time preview** feature allowing instant visualization of design changes

EDUCATION

Bachelor of Computer Science & Engineering   **2020 - 2023**
Aravali Institute Of Technical Studies, Udaipur

Diploma - Science Stream (Computer Science)   **2017 - 2020**
Vidhya Bhawan Polytechnic College
