Skills

Languages: TypeScript, JavaScript, HTML, CSS, SQL
Frameworks & Libraries: Angular (10+), Bootstrap, RxJS, Angular Material, Reactive Forms
Frontend Concepts: Component Architecture, Lazy Loading, State Management, REST API Integration
UI/UX & Styling: HTML5, CSS3, SCSS, Responsive Design
Tools & Technologies: Firebase, SQL
Developer Tools: Git, GitHub, Postman, Chrome DevTools
Interpersonal: Public Speaking, Leadership, Critical Thinking, Creative Thinking

Experience

CrocoCode Pvt Ltd, Frontend Developer   **Oct 2025 – April 2025**
- Engineered responsive Angular applications, achieving flawless cross-device performance.
- Designed dynamic UI animations, boosting user engagement by 30%.
- Improved performance by 40% using lazy loading and code optimization.
- Integrated REST APIs and collaborated with backend teams.

SANGLOB BUSINESS SERVICES PRIV ATE LIMITED, Frontend Developer   **July 2025 – Present**
- Designed Material UI–based components to improve workflow efficiency.
- Worked with cross-functional teams to deliver scalable solutions.

Projects

MACK (Managing Content & Knowledge) | *Angular, TypeScript, Material UI, REST APIs*   **2025**
- **Enterprise platform** with **4 core modules** (**Invoice, Quotation, Purchase Order, Requisition**) streamlining **procurement workflows.**
- **Automated document generation** with **150+ API integrations, reducing manual processing by 40%.**

KITE CULTURES | *Angular, HTML, SCSS, Responsive Design, Firebase* | Link   **2025**
- **Interactive digital content platform** featuring **blogs, events,** and **social media integration.**
- **Crafted engaging, mobile-friendly user interface** with **intuitive navigation** and **modern design aesthetics.**

LOTAPP | *Angular, TypeScript, Angular Material* | Link   **2024**
- **Robust** E-commerce product management platform enabling **seamless product handling** across multiple channels**.**
- **Implemented realtime data synchronization** ensuring **consistent product information** across all platforms.

VIGORBOOKS | *Angular, TypeScript, REST APIs, Bootstrap, Frontend Concepts* | Link   **2025**
- **Comprehensive financial management system** for **accounting, invoicing,** and **automated reporting.**
- **Implemented intelligent GST calculations** and **OCR-powered receipt scanning, reducing manual accounting effort by 35%** and **accelerating financial workflows**

CodeSpeedo | *Angular, TypeScript, JavaScript, CSS* | Link   **2023**
- **No-code platform** for generating **Ionic & Flutter applications** with **drag-and-drop builder** and **real-time code preview.**
- **Increased developer productivity by 50%** through **intuitive UI** and **streamlined mobile app development workflow.**

MPRASS ML 101 | *Angular, Responsive Design* | Link   **2024**
- **Cloud-based inventory management system** with **real-time stock updates** and **intelligent tracking.**
- **Developed responsive, high-performance UI** improving **system usability** and delivering **seamless user experience.**

Education

Aravali Institute Of Technical Studies, Udaipur   **2020 - 2023**
Bachelor of Computer Science & Engineering

Vidhya Bhawan Polytechnic College   **2017 - 2020**
ISC - Science Stream (Computer Science)
